Our patents

Below you will find a list of patents, patent applications, design patents, utility patents and licensed patents (“patent rights”) owned or controlled by Hamilton Medical or licensed to Hamilton Medical. The following Hamilton Medical products and/or its subcomponents or subsystems and/or methods/processes carried out using these products and/or its use are protected by patent rights.

This website is provided in order to satisfy the virtual patent marking provisions of various jurisdictions worldwide, namely the virtual patent marking provisions of the America Invents Act, 35 U.S.C. §287(a), and in order to keep customers and interested parties informed.

The below list might not be all inclusive and other Hamilton Medical products not listed here may be protected by one or more patent rights listed hereinafter. Absence of any patent rights from this list does not prevent Hamilton Medical from enforcing any and all legal rights associated with the respective patent rights.
